365 Healthcare Ltd

365 Mission Statement

365 Healthcare Ltd is an innovative and exciting company and is committed to operational excellence. Our focus ensures the provision of unrivalled customer care and excellent on-going product support and solution driven initiatives. With our ability to react to changing market trends we will deliver cost effective quality solutions to our partners.

It is the strategy of 365 Healthcare to grow its business in selected areas of the commodity device markets which will establish a platform from which to enter the rapidly expanding custom procedural tray market and the operating room theatre pack market. This approach has built our range from the Wound care and Dressing Packs to Surgical Single use Drapes ranges, Gowns, Swabs and Single Use Instrumentation to giving a vertically integrated product strategy.

365 Healthcare have developed a strategy to source and supply generic, commercial products through a quality managed supply chain. There are many advantages in 365 Healthcare and our preferred supplier working together such as the development of new and flexible processes in manufacturing, distribution and sales. As the markets demand greater choice with an increased pressure on reduced costs these partnership will be ideally placed to deliver both.

Company Introduction

365 Healthcare Ltd is a company dedicated to providing the highest level of service and value through our range of medical and surgical products. Based in Droitwich Spa, Worcestershire, 365 Healthcare Ltd provide national technical sales support and coverage.

Product Ranges Include:

- **Woundcare/Dressing Packs**
- **Procedure Packs (CPTs)**
- **Single Use Instruments**
- **Surgical Drapes & Gowns**
- **Sterile Service Consumables**

Our Team at 365 Healthcare bring a wide range of experience in the Healthcare arena, in product sourcing, development, distribution, training and support.

We currently partner with other industry leaders to provide customers with development and learning opportunities, this ensures our customers are getting the very best in advice and educational support.

365 Healthcare Ltd would be happy to meet with relevant Trust staff for Contract review meetings. The timing and content of these meetings would be to suit your requirements. We would also ensure that outside of these “formal” meetings that product “end – users” are visited regularly and are happy with the service and product delivered. Experience has shown that these informal meetings are essential to the smooth running of contracts.

Clinical Support

The very nature of the products we supply and our high standards of customer care mean that we are very proud to offer very high levels of clinical support. All of our field based support staff have been trained to give “verbal technical assistance” in the operating room, and in fact many of our team have been trained in aseptic technique and “scrubbing”.

We currently partner with other industry leaders to provide customers with development and learning opportunities, this ensures our customers are getting the very best in advice and educational support.

The 365 Healthcare Team is made up of highly experienced professionals, whose backgrounds include senior positions within large global healthcare companies and specific expertise in the introduction and building of brands and services in all healthcare sectors, including the rapidly expanding custom procedural market.

The Team is backed up by our customer service and marketing departments, as well as the Quality assurance and regulatory expertise.

Our Account Management Functions will include

- **Day to day running of the account**
- **Training and education**
- **Inventory management**
- **After sales service**
- **Integration of new products**
- **Product evaluation**

Minor Procedure Soft Packs from 365 Healthcare

Every 365 Procedure Soft Pack can be custom made for you, in a sterile or non-sterile format or you can choose from our extensive range of existing packs.

Why use procedure packs?

- One pack to open
- One pack per procedure.
- Increased efficiency
- Eliminates waste
- Saves time

Minor Procedure soft packs are easier to manage, reduce inventory, are 'ready when required' and are a cost effective, alternative to stocking each component, whilst maintaining clinical standards.

All the components needed for one procedure in one pack

The range comprises of:

- Minor Procedure Soft Packs
- ISuture Sets
- Dressing Packs/ Woundcare packs made to National Specifications
- Catheterisation Packs
- Ophthalmic Packs
- Obs & Gynae Packs
- Oral Hygiene Packs
- Eye Care Pack
- Epidural packs
- Access packs, and many more (see inside brochure)

Surgical Gowns from 365 Healthcare

Key Attributes

365 Healthcare gowns are available in 2 materials, both of which come in the complete range of protection levels required;

Spun Lace EFP a textile material of staple fibres entangled through hydraulic 'needling' to form a strong, fabric-like material

- Good fluid and particulate barrier
- Texture mimics linen for flexibility, movement & comfort
- Lightweight for maximum comfortable and breathable

SSMMS a polypropylene blend construction with layers of melt and spun-blown fibres

- Excellent fluid and particulate barrier
- High level strength and absorbency providing a sound surgical bacterial barrier
- Lightweight for maximum comfort
- Breathable fabric

Gown Features

- Hook and loop fastening at the neck to ensure secure and easily adjustable fit
- Soft, elasticated fabric cuffs for extra comfort
- Side tie-fastenings for accessibility
- Overlap sterile back with adjustable Hook and loop fastening for hygiene
- Fully Compliant with EN 13795

OUR GOWN BOXES ARE COLOUR CODED FOR EASE OF THEATRE;

STANDARD = BLUE, **REINFORCED = RED**, **IMPERVIOUS = GREEN**,

PURPLE = LIGHTWEIGHT

Recent range additions include [Arthroscopy gowns](#) and [lightweight gowns](#) and [short sleeve warming jackets](#).

Surgical Drapes from 365 Healthcare

Offering a range of Single Use Surgical draping solutions spanning most surgical disciplines, from our most flexible range of General Surgery and Supplementary drapes to our more specialised Orthopaedic drape sets.

365 Healthcare have painstakingly developed a cost effective, quality drape range to provide a safe and sterile theatre environment. Patient safety, quality and consistency have been the utmost priority when developing this range.

If you can't see the drape you require there may well be one in development, alternatively we can work with you to develop a bespoke solution dependent upon our development criteria.

Single Use Surgical Stainless Steel Instruments

365 Healthcare have established a reputation as an exceptional supplier of Single Use Surgical Stainless Steel instruments. Their quality and breadth of range is renowned throughout clinics, NHS and Private hospitals alike, whilst supporting local GP practices. Our Instruments are used in many specialist areas covering ENT, Maternity and A&E environments.

We have developed ranges of bespoke Podiatry and Hair Transplant ranges more recently.

2012 saw an increased commitment to this range with the installation of a clean room facility at our UK headquarters, giving more control over the quality and volume that could be manufactured, delivery fully compliant medical devices, complying to
BS EN ISO 13485:2003 Medical Devices Quality Manager
BS EN ISO 15644-1:1999 Clean room Validation & Operation
ISO-1137 Gamma Sterilisation
