

Quality Policy

It is the policy of Bunzl Healthcare to demonstrate its ability to constantly provide products and services for its customers, which meet contractually specified and applicable regulatory requirements.

The company will address Customer satisfaction through the effective application of the Company's Management Systems and adherence to Regulatory compliance, which includes processes for continuous improvement and for the prevention of non conformity. The company will determine and review objectives and targets which support continuous improvement. The company will undertake, through instruction and practical example, to ensure that each employee throughout the organisation has a proper understanding of the Company's policies, processes and procedures, and the importance of maintaining Management Systems and Regulatory compliance.

It is important that everyone is aware of the requirements of the Management Systems and their direct relevance to Bunzl Healthcare's success.

Signed  Date 10th September 2017
Chris Wakeman
Managing Director, Bunzl Healthcare
